

# HENDERSON HOUSE NOW OPEN!!

## Homeless women veterans and their children get a great home!

**Following are photos during renovations as well as the ‘finished product’**

Women Veterans of New Mexico volunteered time and labor to help complete the final stages of the renovation of the five-bedroom/3 bath house that was donated to the YWCA!! The interior of the home has had a fresh coat of paint, thanks to some great volunteers!

At left, Pat Gaston and Diane Wong from Women Veterans of New Mexico.

At right, volunteers taking a much-needed break. Thanks to Olive Garden and Buca di Beppo for feeding our volunteers!!

And thanks to Lowes and Nat Hernandez for donating all of the paint, Home Depot and Shawn Morton for donating all of the painting supplies, and to Samon’s Electric & Plumbing Supply for donating materials such as light fixtures and plumbing supplies.

Workers brave the cold to construct the ADA Suite

Laurel Burnett, TLC’s New Case Manager, works to create a comfortable space for the women.

---

*Henderson House, now a finished project, is a safe, comfortable place for our women veterans and their families to live.*
